MULTIPLY YOUR IMPACT

Your sponsorship directly supports Business Volunteers Maryland, a nonprofit that has, for two decades, served a unique and influential role in making strategic connections between business and community.

For every \$1 contributed, we return over \$3 dollars back into our shared community. Each year we support nonprofits and schools by connecting them to thousands of professionals who join as new board members, pro bono consultants, and direct service volunteers. We lead a suite of transformative experiences to strengthen organizations, board members, and professionals in their impact. Each of these services builds the capacity of community-based organizations, creating a healthier, stronger, and more sustainable nonprofit ecosystem. With hundreds of business partners and thousands of nonprofits served in our history, we have infused millions of dollars in time and talent back in the Baltimore region.
